PART-TIME EXPERIENCE

Seasonal Sales Assistant *Dec 2025 – Mar 2026*
JD Sports — Blanchardstown, Dublin, Ireland

- Delivered excellent customer service in a fast-paced retail environment during peak trading periods.
- Assisted with stock management, visual merchandising and maintaining store standards.
- Collaborated with the team to meet sales targets and ensure a positive customer experience.

EXPERIENCE

AI Intern *Coincent.ai*

- Worked on a Vision Transformer project, applying deep learning techniques to improve image classification and recognition accuracy.

Finance Team Lead *University Cricket Club*

- Managed financial planning and budget allocation for club operations and events.
- Collaborated with senior members to ensure efficient financial management and resource utilisation.
- Developed financial strategies to optimise expenditure and identify sponsorship opportunities.

Entrepreneur *Venture Development Centre*

- Conceptualised a business idea and conducted market research and feasibility analysis.
- Designed business strategies to support financial sustainability and market growth.
- Applied financial modelling techniques to evaluate investment opportunities.

PROJECTS & RESEARCH

Kilkenny Design — Practicum Project *Present*
University Collaboration — Dublin City University

- Currently partnering with Kilkenny Design as part of a university practicum, applying business analytics to real-world challenges.

Alzheimer's Disease Detection *Deep Learning Research*

- Developing a deep learning model for early detection of Alzheimer's disease using advanced neural networks for medical image analysis.

Real-Time Water Quality Monitoring Boat *Aquaculture*

- Built a smart monitoring system to assess and improve water quality in aquaculture environments through real-time data collection and analysis.

Autonomous Mosquito Control Drone *Venture Development Centre*

- Conceptualised and initiated development of an autonomous mosquito control drone; project was later paused to prioritise academic commitments.
